Supashots Canvas Prints

Convert Your Photos Into Stunning Canvas Prints For Your Wall.

These canvas prints are stretched over a wooden frame and come ready to hang. The canvas used is 100% cotton and is moderately heavy gauge which brings out the detail hidden in the photograph. The printing inks are waterproof, do not fade in sunlight and the finished print is sprayed with a protective coating which allows it to be cleaned of dust from time to time.

We do a range of sizes:

210mm x 297mm	A4	\$85
297mm x 420mm	A3	\$143
420mm x 594mm	A2	\$229
594mm x 841mm	A1	\$312
841mm x 1189mm	A0	\$418

If you prefer your canvas in a conventional frame of your choice, we can supply the canvas print rolled and ready for your framer, at a reduced price .

Please Note: Supashots Canvas Prints are only available from original images captured by Supashots.
